EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sheldon Parker on August 15, 2005.

The application has been amended as follows:

Cancel Claims 24 and 25.

2. The following is an examiner's statement of reasons for allowance: After reviewing the amendment and remarks filed on July 7, 2005, the claims were found to be allowable since no prior art could be found teaching or suggesting a deployable protective sheath for deployment from a packed position to an extended position about the first portion of the malleable drag material such that the first portion of the malleable drag material is substantially enclosed by the deployable sheath upon removal from the gastrointestinal tract, as claimed in Claim 1; withdrawing the drag material such that on withdrawal the deployable protective sheath extends from a packed position to an extended position and encloses a portion of the drag material, as claimed in Claim 23; and encasing a first portion of a malleable drag material and deployable protective sheath in a capsule, as claimed in Claim 24.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
